

About Paramount Defenses

Paramount Defenses is the world's only cyber security company that possesses the paramount capability to be able to **accurately** audit privileged access in Active Directory deployments.

Microsoft Active Directory is the foundation of cyber security and the heart of privileged access at 85% of all business and government organizations worldwide.

Paramount Defenses was founded by and is led by former Microsoft Program Manager for Active Directory Security. The company's innovative, patented technology governs the accurate assessment of access, including privileged access, in IT environments worldwide.

Its unrivaled solutions can accomplish the remarkable feat of being able to automatically and accurately audit privileged access across entire Active Directory domains, at a button's touch.

Its global customer base spans six continents worldwide and includes numerous globally prominent business and government organizations, including the U.S. Government.
